

SURGE STREAMS LIMITED

CAPABILITY STATEMENT

ABOUT US

SURGE STREAMS LIMITED is a professional services company offering a wide range of capabilities in the fields of graphic design, custom computer programming, computer systems design, computer-related services, administrative management, consulting services, and security systems services.

Our team of experienced professionals is dedicated to delivering high-quality solutions to our clients, helping them achieve their goals and objectives. We have a proven track record of providing exceptional services to both commercial and government clients

OUR SERVICES

- **Graphic Design Services:** We offer a range of graphic design services, including logo design, brand identity design, print design, packaging design, and digital design. Our skilled designers create visually appealing and impactful designs that effectively convey our clients' messages.
- **Custom Computer Programming:** Our team of skilled programmers specializes in developing custom computer programs tailored to our clients' specific needs. We have experience in programming languages such as Java, C++, Python, and more. Our programming solutions are designed to enhance efficiency, productivity, and overall performance.
- **Computer Systems Design:** We provide comprehensive computer systems design services, assisting our clients in building and optimizing their IT infrastructure. We analyze their requirements, design efficient and scalable systems, and implement solutions that improve overall system performance and security.
- **Computer-Related Services:** Our computer-related services include IT consulting, network management, system maintenance, data backup and recovery, and cybersecurity. We ensure that our clients' systems are up-to-date, secure, and optimized to support their business operations.
- **Administrative Management and Consulting Services:** We provide consulting services to businesses looking to improve their overall administrative management and operations. Our consultants analyze current processes, identify areas of improvement, and develop strategies to streamline operations and increase efficiency.
- **Security Systems Services:** We offer security systems services, including the installation, maintenance, and monitoring of security systems. Our team ensures that our clients' properties and assets are protected through effective and reliable security solutions.
